Luceco
G R O U P

Our Brands

LUCECO

LED Lighting

Luceco is a manufacturer and distributor of high efficiency, energy saving LED luminaires to the trade and specification markets. Established in 2013, to address the rapidly growing LED lighting market, Luceco LED lighting has rapidly established itself as one of the leading brands for professional lighting in the UK.

www.luceco.com

masterplug

Portable Power

Founded in 1988 Masterplug is the UK market leader, serving retailers and trade wholesalers. We also offer a subrange under the Pro-XT trademark and supply a limited number of unbranded products to major customers.

www.masterplug.com

sync energy

EV Charging

Sync Energy was established in 2009 by two British entrepreneurs focussed on improving our world through renewable energies. In 2015 we entered the exciting world of electric vehicle charging, quickly becoming pioneers in the industry with the world's smallest EV charger.

Acquired by the Luceco group in 2022 and renamed Sync Energy we continue to develop innovative EV charger technology.

Our range of EV charging products for home or the workplace are smart, powerful and safe, packed full of technology, future-proofing your investment.

D-LINE

Cable Management

D-Line is renowned for its innovative cable management solutions, designed to enhance both safety and aesthetics in various environments. Established in 2006, D-Line patented its decorative cable raceway system, featuring subtle D-shaped half-round and quarter-round profiles that seamlessly blend with modern décor. These designs have gained international popularity, with D-Line products now available in over 30 countries.

Our product range includes fire-rated cable supports and Cable Tidy Units, addressing safety concerns and reducing clutter in both homes and workplaces. D-Line's commitment to inventive solutions has earned them prestigious accolades, including Queen's Awards for Export and Innovation. In 2024, D-Line became part of the Luceco Group, further enhancing its market presence and product offerings.

ROSS

TV Wall Mounts/AV Accessories

Ross is a leading manufacturer of premium TV wall mounts and AV accessories. We service all product areas from entry level through to premium with a full range of products to suit every requirement and usage case scenario. All models are produced in-house at our industry leading manufacturing facility and are sold worldwide through a growing network of trade and retail partners.

13 Amp Double Switched Socket with Fast Charge USB A + C (22W)

- Ideal for charging smartphones, tablets, power banks and portable gaming devices
- Simultaneous charging of two devices (22W shared across two ports)
- Smart Charging with variable voltage - only delivers the power that your device needs, without overcharging.
- Supports PD & QC charging protocols for Android and iOS devices (when using a certified cable)
- Minimum mounting box depth 25mm - ideal for retro-fit
- Terminal Capacity 3 x 2.5mm, 3 x 4.0mm, 2 x 6mm
- Twin Earth fitted as standard - Ref. BS 7671:2008
- Manufactured to BS1363-2
- 10 Year Guarantee
- Available in 900 Square Edge

Evolve is available in the below colours:

Pearlescent White | Brushed Steel | Matt Grey | Matt Black | Matt Blue | Polished Copper | Satin Brass | Black Chrome

13 Amp Double Switched Socket with Fast Charge USB A + C (22W)

- Ideal for charging smartphones, tablets, power banks and portable gaming devices
- Simultaneous charging of two devices (22W shared across two ports)
- Smart Charging with variable voltage - only delivers the power that your device needs, without overcharging.
- Supports PD & QC charging protocols for Android and iOS devices (when using a certified cable)
- Minimum mounting box depth 25mm - ideal for retro-fit
- Terminal Capacity 3 x 2.5mm, 3 x 4.0mm, 2 x 6mm
- Twin Earth fitted as standard - Ref. BS 7671:2008
- Manufactured to BS1363-2
- 10 Year Guarantee

WP21	Single, 13 Amp, switched	10
WP22	Double, 13 Amp, switched	10

Smart 13A Switched Outdoor Socket

- Control and schedule power outdoors via touch, voice commands or App
- Operates using your home Wi-Fi network on 2.4GHz
- Set timer schedules, countdown function or random security options
- Compatible with Google Home, Amazon Alexa, Siri Shortcuts and IFTTT
- Ideal for operating outdoor lights and water features
- Individual socket control
- IP66 rated, seals plugs in use
- Terminal capacity 3 x 2.5mm², 3 x 4.0mm² & 2 x 6.0mm²
- Manufactured to BS1363-2

WP22/HC

Product Code	Description	Outer Carton
WP22/HC	Double, 13 Amp, SP, switched	10

13 Amp Type A RCD Protected Socket Outlet

- IP66 rated with plug in use, cover sealed
- Cuts off power safely and prevent electrocution in event of a fault
- Latching operation, socket returns to original state when power resumes
- Supplied with multiple knock-out mounting box
- Manufactured to BS 1363-2:2016+A1:2018 & BS 7288
- Type A RCD 30mA trip current, 40ms trip speed
- Socket terminal capacity 3 x 2.5mm², 3 x 4.0mm² & 2 x 6.0mm²

WP22ARCD closed lid

WP22ARCD

WP22ARCD	Double, 13 Amp, RCD switched (latching)	10

TYPE A RCD

Outdoor Power Kit

- IP66 rated with plug in use
- Easy to install outdoor socket
- For temporary installation only
- 3m cable with prepared wires to plug
- Pre-wired double, 13A switched socket manufactured to BS 1363-2:2016+A1:2018 (socket), BS 7071 (RCD plug)
- Easy to wire RCD plug, non-latching, 30mA trip current, 40ms trip
- Terminal capacity 3 x 2.5mm² 3 x 4mm² 2 x 6.0mm²

WP22KIT/3

Product Code	Description	Outer Carton
WP22KIT/3	Double, 13 Amp, switched socket with 3m flex and RCD plug	10

BG BRITISH GENERAL Storm
—WEATHERPROOF WIRING ACCESSORIES—

Now even easier to install and operate:

- Fast-fix – no separate screws, no screw covers, 150° rotation
- Quick release front plate with ¼ turn fixing for easier installation
- Patented cable entry prevents accidental opening of the cover
- Redesigned paddles with smoother operation, for easier use
- Wi-Fi extender and Smart versions also available

Features & Benefits

Durable, powder coated finish

No visable plastic around switches

USB
5.0V
MA

Angled in-line colour coded captive terminals

Twin Earth

Supplied with multiple knock-out metal box

Junction Boxes – Selective Entry

- Manufactured to BS EN 60670
- Selective entries indicated by numbers and symbols on rotating cover
- Moulded in brown or white urea
- Rear entry knockouts in base to facilitate ease of wiring
- Suitable for unbroken ring wire installations
- Lower lip of entries can easily be knocked out to take twin cables
- Robust, generous capacity slot terminals with large grub screws

Mains Optical Smoke Alarm

The BG mains powered optical smoke alarm is ideal for detecting smoke from smouldering fires whilst minimising false alarms. This alarm can be interconnected with the wider range of BG interconnected alarms for complete coverage.

• Hard-wired optical smoke alarm wires directly into your home electric system
• Constant monitoring of the air for the presence of smoke
• Interconnecting: connect up to 24 heat and smoke alarms, or up to 12 alarms when including a CO alarm
• Dust cover (included) prevents contamination of the device during installation
• 9V battery backup (battery included) ensures the alarm will operate if mains power is lost
• Hush function allows the alarm to be temporarily silenced
• Test function, fault, and low battery warnings to assist with alarm maintenance
• Alarm volume 85dB(A) at 3m
• Class 2 alarm
• Certified to BS EN 14604:2005/AC:2001, BSI Kitemark number KM 762034
• UKCA and CE certified
• 10-year product lifetime

Mains Heat Alarm

The BG mains powered heat alarm is ideal for use in kitchens and other rooms where smoke or steam may be present, and will alert you if there is a significant rise in temperature which may indicate a fire is about to break out. This alarm can be interconnected with the wider range of BG interconnected alarms for complete coverage.

• Hard-wired heat alarm wires directly into your home electric system
• Interconnecting: connect up to 24 heat and smoke alarms, or up to 12 alarms when including a CO alarm
• Dust cover (included) prevents contamination of the device during installation
• 9V battery backup (battery included) ensures the alarm will operate if mains power is lost
• Hush function allows the alarm to be temporarily silenced
• Test function, fault, and low battery warnings to assist with alarm maintenance
• Alarm volume 85dB(A) at 3m
• Class 2 alarm
• Certified to BS 5446-2:2003, BSI Kitemark number KM 645618
• UKCA and CE certified
• 10-year product lifetime

SDMHA

Product Code	Description	Inner Carton	Outer Carton
SDMHA	Mains heat alarm	6	48

KM 645618

Mains Carbon Monoxide Alarm

The BG mains powered CO alarm is designed to detect carbon monoxide gas from any source of combustion and will alert you when it detects dangerous levels of CO in the air. This alarm can be interconnected with the wider range of BG interconnected alarms for complete coverage.

• Hard-wired CO alarm wires directly in to your home electric system
• Interconnecting: connect up to 12 alarms
• Dust cover (included) prevents contamination of the device during installation
• 9V battery back up ensures the alarm will operate if mains power is lost
• Hush function allows the alarm to be temporarily silenced
• Test function, fault and low battery warnings to assist with alarm maintenance
• Supplied with base for straight forward installation
• Alarm volume 85dB(A) at 3m
• Type A alarm
• Certified to BS EN 50291-1:2018, BSI Kitemark number KM 616830
• UKCA and CE certified
• 10-year product lifetime

SDMCO

Product Code	Description	Inner Carton	Outer Carton
SDMCO	Mains carbon monoxide alarm	6	48

KM 616830

Battery Optical Smoke Alarm

The BG battery operated optical smoke alarm is ideal for detecting smoke from smouldering fires whilst minimising false alarms.

• Constant monitoring of the air for the presence of smoke
• Low battery mode warns you when the alarm needs replacing
• Suitable for ceiling or wall mounting
• Hush function allows the alarm to be temporarily silenced
• Test and false alarm functions
• Sealed in lithium battery
• Alarm volume 85dB(A) at 3m
• Certified to BS EN 14604:2005
• UKCA and CE certified
• 10-year product lifetime

SDLLSM

Product Code	Description	Inner Carton	Outer Carton
SDLLSM	Battery optical smoke alarms	6	48

Battery CO Alarm

The BG battery operated CO alarm will detect carbon monoxide gas from any source of combustion and will alert you when it detects dangerous levels of CO in the air.

• Low battery mode warns you when the alarm needs replacing
• Suitable for wall mounting
• Hush function allows the alarm to be temporarily silenced
• Test and false alarm functions
• 2 x AA Batteries (included)
• Type B alarm
• Alarm volume 85dB(A) at 3m
• Certified to BS EN 50291-1:2018 and EN 50291-1:2018
• UKCA and CE certified
• 10-year product lifetime

SDBCO

Product Code	Description	Inner Carton	Outer Carton
SDBCO	Battery optical CO alarms	6	48

Mains Combo Smoke/Heat Alarm

This BG Combination Smoke & Heat alarm is ideal for use in loft or attic spaces, and is less prone to false alarms in dusty environments vs. a stand alone smoke alarm. Recommended for use in spaces where photovoltaic installation invertors are fitted. This alarm can be interconnected with the wider range of BG interconnected alarms for complete coverage, and can be tested and silenced remotely when paired with an SDMREM wireless.

• Hardwired alarm with 10 year lithium sealed in back-up battery
• Wireless RF feature allows you to silence and test the alarm remotely using the SDMREM wireless remote
• Interconnecting: connect up to 24 heat and smoke alarms, or up to 12 alarms when including a CO alarm from the BG Interconnected alarms range
• Colour coded terminals for straight forward installation
• Dust cover (included) prevents contamination of the device during installation
• Certified to BS 5446-2:2003 and EN 14604:2005+AC:2008, third party tested and approved by TUV
• 10 year guarantee

SDMHOA

Product Code	Description	Inner Carton	Outer Carton
SDMHOA	Mains combo smoke/heat alarm	6	48

Pendant Sets (T2)

- Large capacity earth terminal with locking terminal screw
- Wiring aperture in base with extra knockout for ease of wiring
- 0.75mm pendant flex heat resistant to BS6141
- Spin-on cover with smooth cable entry for maximum protection of pendant conductor insulation
- Eight "in-line" terminals all with captive screws
- Manufactured to BS67 and BS EN 60598-2-1

666

Product Code	Description	Inner Carton	Outer Carton
666	6" flex and 3" base	10	100
669	9" flex and 3" base	10	100

Batten Holders Enclosed (T2)

- Large capacity earth terminal with locking terminal screw
- Diameter of batten lampholder is 80mm (3")
- T2 temperature rated
- Wiring aperture in base with extra knockout for ease of wiring
- Wired with heat resistant wire
- Base cover can be removed without removing HO skirt
- Manufactured to BS EN 61184

763   767

Main Switch Consumer Units

Double pole isolation ready for MCB & RCBO circuits.

• Main Switch Consumer Unit supplied with 100A Isolator
• Available with type 2 SPD
• Each consumer unit supplied with spare cover blanks
• Lockable covers also available, see accessories section
• Can be configured to circuit requirements using BG wiring kits and devices

Note: Split load configurations, can be created using Main Switch Consumer Unit, RCD and cable kit CUA05.

RCBO Main Switch Consumer Units – Populated

Allows 30mA RCD protection of individual circuits with the added safety features of short circuit & over current protection incorporated in each device.

• Supplied with unidirectional single pole RCBO's
• Available with type 2 SPD
• Each consumer unit supplied with spare cover blanks
• Complete with 100A Main Switch Isolator

RCD Incomer

A RCD Incomer allows the protection of isolating both poles of the incoming supply with the protection of a 30mA Type A RCD, a great way to add an additional board in workshops, garages, garden offices and sheds.

• RCD consumer unit supplied with 100A Type A RCD
• Each consumer unit supplied with spare cover blanks
• Lockable covers also available, see accessories section
• Available with Surge Protection

Enclosures

Fuse Switch

Can be used for safe isolation of the incoming electrical supply, and as a midpoint isolation unit if the Consumer Unit is more than 3m away from the intake fuse position. Comes with 100A, 80A & 63A fuses. Manufactured in a metal non combustible enclosure, suitable for internal instalation.

Product Code	Modules	Main Switch	IP
CFUFS100	4	100A	20

These enclosures provide an easy solution for additional add on circuits for a garage or a new shower installation. Available in IP65 – Weatherproof & IP20 non-weatherproof. Available in empty or part populated formats.

Socketed Mode 2 Chargers

- Wi-Fi & Ethernet as standard, with options for 4G and RFID
- Type 2 connection
- Single Phase 7.4kW and Three Phase 22kW models
- Interchangeable front fascia, change the shade or colour!
- Suitable for residential and commercial use
- Two base and rear entry points for ease of install
- Full smart functionality and OCPP 1.6J connectivity
- No earth rod required – integrated open PEN conductor protection
- Type A RCD (30mA AC + 6mA DC)
- Integrated Class C power meter, with option for external MID meter
- Compatible with EV Stands from Sync Energy and EV Tower
  with Sync Energy mounting plate
SINGLE PHASE 7.4kW

Portable EV Chargers

Perfect for travelling to destinations that only offer a standard 13A plug socket, suitable for all plug-in electric vehicles.

- Provides safe and intelligent portable EV charging for all plug-in electric vehicles
- Perfect for travelling to destinations that only offer a domestic (13A UK 3 pin) socket
- UK 3 pin plug to Type 2 EV plug
- Charges up-to 10A, 2.4kW – up-to 8 miles per charging hour
- 5 or 10 metres of high-performance cable
- IP65 rated (Control box) – IP65 when connected to vehicle, IP55 when not in use and end-cap applied
- LED charging status indicator
- 3 Year warranty

Product Code	Type	Length
EVCM22135	UK 3 Pin – Type 2	5m
EVCM221310	UK 3 Pin – Type 2	10m

EV Charging Cables

- Single-Phase and Three-Phase Mode 3 Type 2 to Type 2 charging cables
- Robust construction with connector guard caps/protectors
- Suitable for 16 and 32A sockets
- 7.4kW / 250V~ & 22KW / 480V~
- Weather-resistant IP65 when connected to vehicle. IP55 when not in use and end caps applied
- High specification, UV stable cable
- Meets EN 50620, IEC 62196-2 standards
- 3 Year warranty

Product Code	Type	Length
EVC22325SL	TYPE 2 – TYPE 2	5m

EVC22325TL	TYPE 2 – TYPE 2 3-PHASE	5m
EVC22328TL	TYPE 2 – TYPE 2 3-PHASE	8m

Cable Carry Case

- Keeps EV charging cables neat and tidy
- Lightweight and easy to carry
- Zipped opening with durable polyester construction
- Suitable for use with Type 1 and Type 2 Mode 3 EV charge cables, and Mode 2 charger cables
- 410mmØ
- 10kg Weight Capacity
- 1 Year manufacturer warranty

Product Code	Description
EVCASE	Cable carry case

Single Socket Extension Lead

- One socket – allows you to extend the reach of your outlet
- Socket safety shutter – prevents the insertion of foreign objects
- Modern – rounded slimline appearance
- Trusted quality – manufactured and certified to BS1363-2
- Fitted with a 13A fused plug – maximum load 3120W, 240V AC

Cat No	Cable Length	Rating	Sockets	Colour	Carton Qty
BOG5-MP	5m	13A	1	White	10
BOG10-MP	10m	13A	1	White	20

Double Socket Extension Lead

- Two sockets – allows you to connect two items safely into one outlet
- Socket safety shutters – prevents the insertion of foreign objects
- Modern – rounded slimline appearance
- Trusted quality – manufactured and certified to BS1363-2
- Fitted with a 13A fused plug – maximum load 3120W, 240V AC

Rewireable Trailing Socket

- One, two, four or six sockets – allows you to connect multiple products into one outlet
- Socket safety shutters – prevents the insertion of foreign objects
- Power indicator (TN, UG and SXG) – shows that power is connected and the socket is ready for use
- Rewireable – for a custom solution
- Wall-fixing capability (UG and SXG) – for an 'off the floor' neat and tidy solution
- Robust – manufactured from high quality ABS
- Trusted quality – manufactured and certified to BS1363-2

20W USB C Fast Charger

- Powerful USB Charging – Delivering a 20W output, this is an ideal solution for fast charging your mobile phones
- Fast Charging for Mobile Devices – Charge your iPhone 15 from 0-50% in 30 minutes – 3x faster than the original 5W charger
- Wide Compatibility – With a USB C port, you can fast charge your latest and legacy devices effortlessly
- Advanced Technology – Supporting Power Delivery (PD) 3.0, Qualcomm Quick Charge (QC) 3.0 and other leading protocols ensures the latest devices can benefit from the fast and smart charging capabilities
- Programmable Power Supply – PPS technology provides an optimised experience by adapting the power, charging at safer and more efficient speeds, and extending the device's battery life and health
- Compact and Portable – Making it easy to pack away, ensuring you have a reliable power source whether you are travelling, in the office or at home
- Ultra Slim Design – Providing a great solution when using behind bedside tables, chests of drawers, and console tables
- Safety First – With built-in protection, your device remains safe from overcurrent, overvoltage, short-circuiting or overheating

Cat No	USB Output	Colour	Pack Qty

30W USB A + C Fast Charger

- Powerful USB Charging – Delivering a 30W output, this is an ideal solution for fast charging your mobile phones and tablets
- Power and Charge 2 Devices at Once – Equipped with a dual port design allows two devices to be powered and charged simultaneously, saving you time and eliminating the need for multiple chargers
- Universal Compatibility – With USB A and USB C ports, you can charge your latest and legacy devices effortlessly
- Advanced Technology – Supporting Power Delivery (PD) 3.0, Qualcomm Quick Charge (QC) 4.0+ and other leading protocols ensures the latest devices can benefit from the fast and smart charging capabilities
- Programmable Power Supply – PPS technology provides an optimised experience by adapting the power, charging at safer and more efficient speeds, and extending the device's battery life and health
- Intelligent GaN Semiconductor – Delivers a faster, more energy-efficient, cooler, and safer charging experience, all in a smaller size compared to traditional chargers
- Compact and Portable – Making it easy to pack away, ensuring you have a reliable power source whether you are travelling, in the office or at home
- Safety First – With built-in protection, your device remains safe from overcurrent, overvoltage, short-circuiting or overheating

Travel Adaptor UK to Europe

• Ideal when travelling in Europe – convert UK plugs for use with European sockets
• Small and compact – easy to fit in your bag or suitcase
• Trusted quality – manufactured and certified to BS 8546
• TAEUR/2 – 2 pack

Cat No.	Description	Pack	Pack Qty
TAEUR-MP	UK to Europe	1	5

Travel Adaptor UK to Europe – 2 Socket

• Ideal when travelling in Europe – convert UK plugs for use with European sockets
• Small and compact – easy to fit in your bag or suitcase
• Trusted quality – manufactured and certified to BS 8546

Cat No.	Description	Pack Qty
TAEUR2-MP	UK to Europe	5

Travel Extension Lead with USB Charging UK to Europe

• Ideal when Travelling in Europe – convert UK plugs for use with European Sockets
• Integrated Cable Tidy and Velcro Strap – keeps the cable neat and tidy when not in use
• 0.45m of Cable – ideal for floor or hotel desk positioning when travelling for personal or business travel
• Ideal for individual or business travel
• Two USB Ports with Market-Leading 20W Output – Type A and Type C with Power Delivery (PD) 3.0 and Qualcomm Quick Charge (QC) 3.0 for super-fast charging
• USB Smart Charging – intelligently detects the power requirement to optimally charge then switches to standby to prevent long-term damage to your device

TIMER ⏱

Daily Mechanical Segment Timer

- 24 hour mechanical timer – with 15 minute segments
- Simple to use – simply press the segments when you want your device to turn on
- Ideal for indoor power applications – great for slow cookers, lighting, fish tanks and more
- Manual override function – override the timer to power the connected device
- Trusted quality – manufactured to EN60730-2-7
- TMS24/3 – 3 pack

13 AMPS

Cat No.	Description	Pack	Pack Qty
TMS24-MP	24hr Mechanical Timer – Small	1	5

Programmable Electronic Timer

- Great for security – random function to mimic home activity
- 7 day timer – with 16 selectable options and 10 programmes
- Easy to use – with the LCD display and button control
- Manual override function – override the timer to power the connected device
- Back up battery – retains the memory of the programs when there is a power outage
- Trusted quality – manufactured to EN60730-2-7

10 AMPS

Cat No.	Description	Pack Qty
TES7-MP	7 Day Electronic Timer – Small	5

Mechanical Daily Immersion Timer

- General purpose timer to offer complete control for hard-wired applications – ideal for immersion heaters, towel rails and lighting
- Easy to use – integrated clock face to easily set timings and LED power indicator
- Wall-fixing capability – for a neat and tidy install
- Manual override function – override the timer to power the connected device
- 24 hour mechanical timer – with 15 minute segments
- Trusted quality – manufactured to EN60730-2-7
